Hey, Bill!
What is it?
Your doctor's out here with a flat tire.

Diagnose the case as flatulency of the perimeter, and charge him accordingly, ordered the garage man. "That's the way he does biz."

I ain't never doubted Pa's love since the day we was married, says Aunt Het, but I know enough concerning the carnal nature of men folks to thank God I'm a good cook.

Why do they say a bride is "led" to the altar? Did you ever see a bride pulling back?

"Dearest, I must marry you--"
"Have you seen father?"
"Often, honey, but I love you just the same."

SUSIE MINDS HER PA.

"That fellow Phipps comes here too much,"
Said Susan's father grim,
"We'll have to put a stop to that,
You must sit down on him!"
Now, Susie is a nice, good girl,
Respects parental powers;
So, when young Phipps came, 'round last night,
She sat on him for hours.

You might have noticed that the nearer wrong a man is the more impatient he is of criticism.

If a man is too darn stubborn to agree with anybody, he is intellectual.

Minutes are precious little moments—Many things can be done, Takes just a minute to ring out—So don't run.
Just a minute to be hired,
Only a minute to be fired,
Just a minute to be polite,
Only a minute to do right,
Just a minute to take care—
Only a minute to cross o'er there,
Just minutes make up the days
Only the honest minute pays
Just a minute is worth while
Only a minute—smile, smile, smile.

OSTEOPATHY. Thousands die every year because of selfishness—patent nostrums, for which millions of dollars are fed into the maw of the Drug Trust. Add thousands to the death roll because they prevent nature from displaying danger signals (pain) until too late. Osteopathy allows nature to do her work. Osteopathy will add many years to your life.
